Mr. James Sanderson's saw mill and other buildings in that locality had a narrow escape from fire on Monday last. The exceptional high wind which prevailed that day was probably accountable in some way for starting the fire in an outbuilding in front of the mill. Very little damage was done, however. The Prinice Albert Hook and Ladder Co. were early on the scene, and it was no doubt due to the prompt and business like way in which they went to work that the incipient conflagration was prevented from spreading and doing serious injury to the adjoining buildings.

LOCAL ITEMS.

Sugars and Confectionery of all kinds received this week. Walters & Baker.

The wholesome and refreshing Montserrat and Jamaica Lime Fruit Juices for sale at the Medical Hall.

Several freighters have arrived during the past week, bringing in the fall stocks of goods for our merchants.

J. Lestock Reid, D.L.S., was in town this week looking up men to help finish his job before winter comes on.

Messrs. Neilson and N. Cockrill laid eight and one-third thousand shingles in ten hours and fifteen minutes on Knowles' mammoth stable at St. Catherine's one day last week. Next.

We believe there is a party in town who is laying claim to several horses running at large about town. Some of the animals claimed are known in the settlement for at least six years.

Mr. President Johnson presented the Rifle Association with a magnificent pair of field glasses, for the general use of its members while shooting. The Association tendered their hearty appreciation of the worthy president's generosity.

POPULAR PEOPLE.

Are invariable pleasant people, Popular remedies are also as invariably pleasant to use, and certain in their results, Mr. John O'Connor, of Chelsey, Ont., says:—Nasal Pain is a good medicine for cold in the head. It is a popular remedy.

A short meeting of the Town Council was held on Monday evening last. Several by-laws received their third reading and were ordered to be engrossed. \$915 was ordered to be paid School District No. 3 to meet debentures which accrue on September 1st. The Council then adjourned.

Mr. T. J. Agnew has removed to his new and commodious residence on the hill. On the previous evening he gave a dinner party at the Leland House, to a few intimate friends and to all the workmen who had been engaged in the erection of the building. A most enjoyable evening was spent.

An excursion train left Toronto a few weeks ago with about 500 farmers from different parts of Ontario, who were sent out by their several communities to find out for themselves if all the glowing reports about the fine crops, etc., were true. Some of the delegates came as far west as Qu'Appelle.

A Social, given by the ladies, will be held in the Town Hall on Wednesday evening next, the 5th inst., in aid of St. Alban's Church. Those who were at the last social will remember the good time they had. The Wednesday evening "bun fight" promises to eclipse all former entertainments.

The time is approaching when our annual fall show will be on hand. The farmers, merchants, and in fact every person in Prinice Albert and district is interested—or should be—in making this annual display of the wonderful capabilities of the soil and handicraft of our people a success. All are able to do something towards it, and should do so at once, by becoming members of the Agricultural Society at least.

We would like very much to know where the Edmonton Bulletin found the mare's nest full of the proceedings of the Returning Officer for the Electoral Division of St. Laurent. We presume it means the Electoral District of Hatoche. Like a great many more of the Bulletin's statements it is wide of the mark as no "election outrage" has been perpetrated. The returning officer having acted strictly in accordance with the ordinance.

The midsummer holiday number of the Winnipeg Sun has been published, and is a credit to the enterprise and energy of the publishers. As an advertisement to Manitoba and the Northwest it is superior to anything yet published on the great lone land. It contains many beautiful cuts of towns, public buildings and private residences, and a description of the principal industries, towns and business men in the various places illustrated. We regret that Prinice Albert does not occupy a place in this beautiful holiday number.

Mr. Markley, General Agent for the Confederation Life Association, took passage on the east bound stage for Winnipeg.

Among several Duck Lake residents whom we noticed in town last week were Mr. and Mrs. R. S. Mackenzie, Mr. J. McKenzie and Mr. T. Kelly.

Mr. Harry Newlands and his bonnie bride arrived in town on Tuesday evening. We heartily welcome the young couple to their new home and hope they may have a long and prosperous life.

Mr. James Sinclair, who has just returned from the east, says that in all the towns along the railway, which he visited, business is very dull and none have half the life to be seen in Prinice Albert.

R. C. Wigmore & Co's fine new store is being rapidly pushed forward. This firm are having a genuine clearing sale to prepare for the removal of their stock. See their advertisement on another page.

Messrs. W. Tait and J. B. Mack left on Tuesday for the east. The former, who goes to purchase cattle in Ontario, will return about the middle of September. The latter returns from Winnipeg.

The beautiful cup presented by Sheriff Hughes to the Saskatchewan Rifle Association has been received by President Johnson and is on view in the latter gentleman's store. The cup will be shot for at the fall meeting.

Captain Moore, accompanied by the two young Irish gentlemen who came out with him and have been spending the last month in Prinice Albert, left this week for Ireland. We wish them a pleasant and speedy trip.

The weather for the last month or so has been exactly what the farmers want to ripen their crops. Barley has been out for some time and almost every farmer is busy harvesting his wheat. We believe the frost has done little or no damage.

Mr. Jos. Finlayson, Indian Agent at Mistawanna, spent a few days in town last week. He says the new building for the Indian Farm Instructor at Muskeg Lake are about completed and the buildings occupied by himself are being refitted.

ANNUAL MEETING

Of the Saskatchewan Provincial Rifle Association.

The fourth annual meeting of the Saskatchewan Provincial Rifle Association which commenced on Thursday of last week and continued the two succeeding days, has been a most successful one in every respect. Owing to a number of circumstances it was found impossible to get the new range north of the river in working order and had it been ready for use, the fact of their being no means of crossing the river would have rendered its use impracticable. Supt. Perry, of the N.W.M.P., very kindly allowed the association the use of the range at the barracks, which had been fitted up by the police for their annual practice, and although rather far away from the town, the range was found to be a most suitable one; only for the kindness of Major Perry the association would have had to incur a large expenditure in fixing up a range and perhaps would have found it difficult to secure a suitable place. There was a large increase in the membership this year, and the record of the three days shooting shows a marked improvement over other years. The weather was fair but at times the light was very bad and the wind was very often unfavorable, but notwithstanding all these drawbacks there were some good scores made. Mr. J. D. Mavery and Corp. Montgomery acted as range officers throughout the competition.

MERCHANTS' MATCH.
The first event of the meeting was the Merchants' Match in which there were forty-four entries. There were twenty-seven prizes in kind donated by our local merchants and others. Firing commenced at 8:30 a.m. on Thursday. The conditions of this match were: ranges 200, 400 and 600 yards; Snider rifle; seven shots at each range. A FRIGHTFUL SKIN DISEASE

Sufferings Intense—Head Scaly Eruptions—Body Covered with Sores—Cured by the Cuticura Remedies.

Messrs. Stevens & Bruner, Monroe Co.
DEAR SIR:—About two months ago, on your recommendation, I bought a bottle of CUTICURA. I have used it for some time and I am pleased to say that I believe the Remedies have cured him. His sufferings were intense, his head being nearly raw, his ears being nearly gone except the cartilage, and his body was nearly covered with sores. His condition was frightful to behold. The sores have now all disappeared; his skin is healthy, eyes bright, cheerful in disposition, and is working every day. My neighbors are witnesses to this remarkable cure, and the doubting ones are requested to call or write me, or any of my neighbors.

GENTLEMEN:—Mr. Wm. S. Stephenson of this county brought his son to town today to let us see him and to show us what CUTICURA Remedies had done for him. This is the case referred to in our letter to you some time ago. To look at the boy now one would suppose that there never had been anything the matter with him—seems to be in perfect health. We have written and here-within enclose what his father has to say about the matter—wrote it just as he dictated.
We are selling quite a quantity of CUTICURA Remedies and hear nothing but praises for them. We regard the CUTICURA Remedies the best in the market, and shall do all we can to promote their sale.
Yours truly,

The most interesting event of the meeting came off on Friday afternoon. This was the Ladies' Match; shot at 400 yards; Snider rifle; seven rounds. The first prize was a silver cup valued at \$50, second, a beautiful gold bangle; third, a bronze scone; fourth, silver spoon holder. The prizes in this match were given by the ladies of Prince Albert, each lady subscriber selecting a member of the association to shoot for her; the member winning a prize to hand it over to the lady whom he represented or to some one of the subscribers. A large number of the fair sex were present on the grounds during the progress of the match and seemed to take as much interest in the shooting as the gentlemen. The ladies very kindly provided refreshments on the grounds for the members of the association and made things as pleasant as they possibly could. No doubt their presence contributed in no small degree to the splendid shooting that was made in this match, and we trust that on future occasions they will pay a visit to our local Wimbledon. The scores were good throughout, in fact some could not be better. D. Williamson and Sergt. Talbot each scored 34 out of a possible 35, and it was not expected that their scores would be beaten, until Corp. Bailey came on and made seven consecutive bulls-eyes, making the possible thirty-five. Excitement ran high when Sergt. Parker had scored six bulls-eyes and it looked very much as if Corp. Bailey was not going to be alone with a possible, but fortunately for him the sergeant's last shot came up a magpie. Corp. Bailey thus became the winner of the much coveted cup, and was warmly congratulated on his success by all present and when the firing ceased was carried up the range to the ladies' refreshment tent by his admirers. The gallant corporal presented the cup to Mrs. Sproat, the lady whose colors he wore. The following are some of the best scores:—

1.	Bailey, Corp., representing Mrs. Sproat, silver cup	35
2.	Talbot, Sergt., representing Mrs. A. Goodfellow, gold bangle	34
3.	Williamson, D., representing Miss Drever, bronze scone	34
4.	Parker, Staff-Sergt., representing Mrs. Bain, silver spoon holder	33

ALL COMERS' MATCH.

There were twenty-eight entries. The prizes being a medal presented by Supt. A. Bowen Perry and \$20 added by the association. The medal was won by T. E. Baker. During the shooting in this match Capt. Thos. McKay donated a sucking pig for the lowest score which was won by Const. Leslie who almost made the possible. The following are

THE CLARKE MATCH.

The Clarke Match was shot off on Saturday afternoon with Martini rifles at 500 and 600 yards, five rounds at each range. Only the members making the ten highest aggregate scores in the Merchants' and Association Matches were entitled to compete. The trophy was a silver cup presented by the Hon. L. Clarke in 1885 and which must be won three years by the same person. It was won in 1886 by R. J. Pritchard; in 1887 by Sergt. Parker and on Saturday Corp. Bailey captured it with a score of forty-one points. The Association badge accompanies the cup.

TEAM MATCH

In the afternoon a match between the Mounted Police and Civilians—ten on each side—took place and resulted in a victory for the police by fifty points. The ranges were 200, 400 and 500 yards; Snider rifles; five rounds at each range. Owing to darkness coming on the shooting was not so good as it otherwise would have been. The scores made were as follows:—

Another match took place which was not on the programme. It was a match between a Prince Albert team and a Battleford team of eight men each. Edmonton and Fort McLeod also took part in the competition with Battleford, each team on their own grounds. The P. A. team won an easy victory over their opponents by a majority of thirty-eight points and in doing so made a very creditable score; out of a possible 600 the victors made 477; Battleford, 439. McLeod, Edmonton and Battleford shot at 200, 300 and 400 yards and made 435, 460 and 458 points respectively while the P.A.'s made 477 at the longer ranges.

Capt. Thos. McKay gave a sheep for the lowest aggregate scores in the Merchants' and Association Matches and after a hard struggle Dr. Porter succeeded in winning it over several competitors. T. E. Baker also won the medal presented by J. F. Betts, Esq., M.L.A., for the highest aggregate scores in the Merchants, Association and Macdowall matches.

The president's medal for the highest score in the Association match was won by Corp. Bailey with a score of eighty-two points.

Mr. Johnson (the President) and officers of the association are to be congratulated on the success of the meeting, and are deserving of great credit for the manner in which everything connected therewith was conducted. Mr. Brewster, the secretary, was on the ground all the time and was indefatigable in his efforts to make it successful.

One of the markers had a bullet go through the crown of his hat.
